INTERNATIONAL BRIDGE

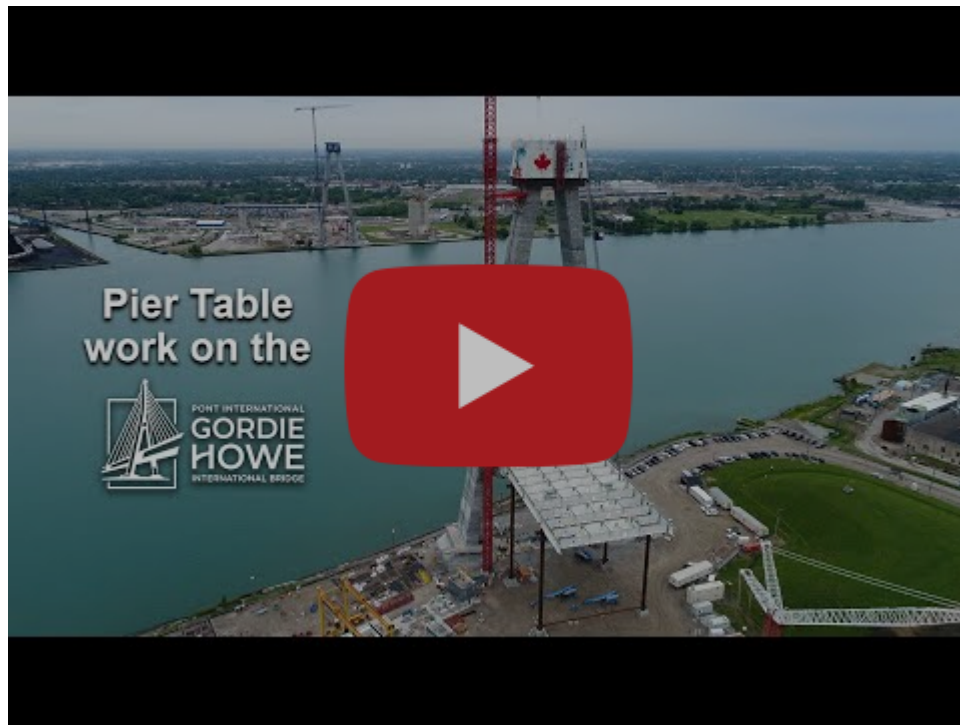

*Cette publication est également disponible en français sur demande.*

Good afternoon,

Here are a few things we wanted you to know about:

### **Installation of the Pier Table**

Watch our latest video where we talk to Bridging North America's Project Coordinator for the Canadian Bridge site about the installation of the pier table which supports the bridge deck.

### Summer Fun

Summer vacation isn't over yet! A fun and educational way to keep kids cool is to explore the [Kid Construction Zone](#) page on our website. It's filled with material about the Gordie Howe International Bridge project that will interest both the young and the young at heart. There's games, activities, quizzes, videos and more.

### Exclusion Zone

Stay out and stay safe – an exclusion zone in the Detroit River along the project’s Canadian bridge site shoreline is currently in place to keep boaters safe and away from construction activities. Those who enter the exclusion zone risk fines up to \$500. Thank you for steering clear of the area! For more information, visit the project [website](#).
