

**GORDIE HOWE INTERNATIONAL BRIDGE**

**LEFT LANE CLOSURE OF SOUTHBOUND I-75 SERVICE DRIVE FOR RECONSTRUCTION NEAR CLARK STREET**

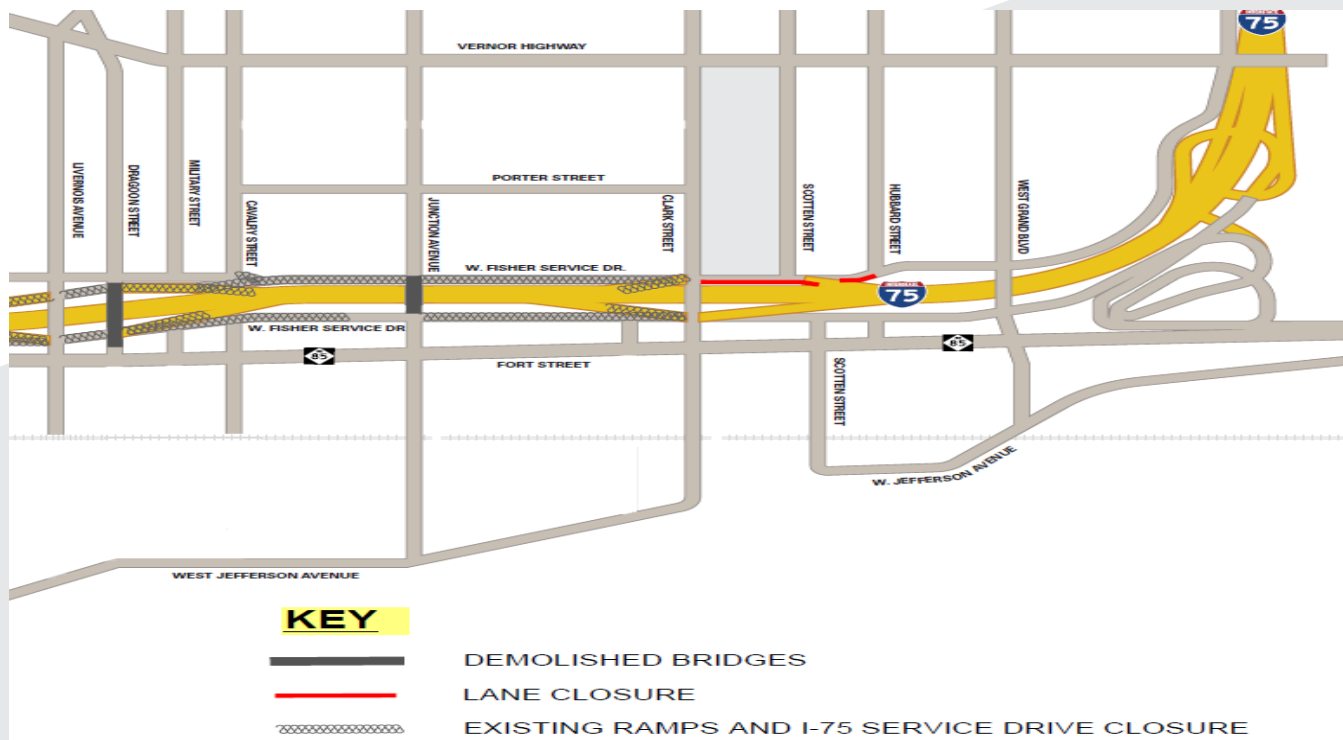

**THE PROJECT**

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) working in collaboration with the State of Michigan, the project is being delivered through a public private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.

Starting January 23, 2023, Bridging North America will temporarily close the left lane of southbound I-75 Service Drive in two different sections to support the widening and reconstruction of southbound I-75 to the east of Clark Street. This closure will be in place until June 30, 2023.

- The left lane on southbound I-75 Service Drive will close between southbound I-75 and the Clark Street off-ramp to Hubbard Street.
- The left lane on southbound I-75 Service Drive will close between Clark Street and the southbound I-75 off-ramp.
- There will be a mobile closure on southbound I-75 Service Drive and the Clark Street off-ramp from January 19 - 24, 2023, between 7 a.m. to 6 p.m. daily as needed.

Left Lane Closure of SB I-75 Service Drive

We appreciate your cooperation throughout this project. Every effort will be made to reduce inconvenience to drivers, residents and the business community. If you have any questions or concerns regarding traffic or these construction activities, please visit our website to find out more:
