Good afternoon,

Here are a few things we wanted you to know about:

Community Benefits Plan Allocates \$2.3 Million in New Investments

With implementation of the Gordie Howe International Bridge Community Benefits Plan at the midway point of its five-year term, the project team has identified new investment opportunities worth \$2.3 million. Eleven new projects are being added to the Plan, along with expanded funding to six existing initiatives, all of which bring further benefits to the local communities.

The funding is part of the Neighbourhood Infrastructure Strategy, a \$20 million (CDN) direct community investment on both sides of the border. In 2022, the project team accepted several new proposals and undertook community consultation to review the current priorities of the neighbourhoods closest to the project. The \$2.3 million will be invested in the following community priority areas:

- \$1.1 million for Community Partnerships
- \$659,600 for Economic Benefits
- \$400,000 for Community Safety and Connections
- \$142,000 for Aesthetics and Landscaping

The implementation of these initiatives adds six new delivery partners to the Community Benefits Plan family. Funding has been released to the organizations. Their projects will be delivered over the next one-to-two years. Details on the new and expanded initiatives are available [here](#).

Contest: Four Tickets to Adventure Bay Family Water Park

A scale model of the Gordie Howe International Bridge is now on display at the Windsor International Aquatic and Training Centre. It's free to view from 5:30 a.m. - 8:30 p.m. Monday through Friday and 6:30 a.m. - 4:30 p.m. Saturday and Sunday. To mark the occasion, we are giving away four tickets to Adventure Bay. To win, like this post on our [Facebook page](#) and name the four components of the Gordie Howe International Bridge project in the comment section of the post. If you answer correctly, your name will be entered into a draw for the tickets. The winner will be announced on Facebook on February 3, 2023.

NEW Flyover Footage

New drone footage has been captured of Michigan Interchange and the Canadian and US bridge sites. See the progress on the project below.
