*Cette publication est également disponible en français sur demande.*

Good afternoon,

Here are a few things we wanted you to know about:

### **Windsor-Detroit Cross-River Tour Survey – Feedback Wanted**

The Windsor-Detroit Cross-River Tour is an international Community Benefits Plan initiative that celebrates the unique culture, history and diversity of the Sandwich/west Windsor and Delray/Southwest Detroit communities through interpretive signage that will be placed along pedestrian and cycling paths on the lands surrounding the Canadian and US Ports of Entry.

The project team has worked closely with the Community Stories Committee, a group made up of local community members and subject-matter experts, as well as other historical and cultural associations in the region to identify a shortlist of topics under consideration for inclusion on the tour signage.

**The project team is collecting public feedback through a survey to help prioritize topics for possible inclusion in the Windsor-Detroit Cross-River Tour.** It is anticipated that the project team will install between six-to-eight signs around each Port of Entry prior to the opening of the bridge. The survey is open until April 6, 2023, at 4:30 P.M.

**Find out more and take the survey [here](#).**

## WINDSOR-DETROIT CROSS-RIVER TOUR SURVEY

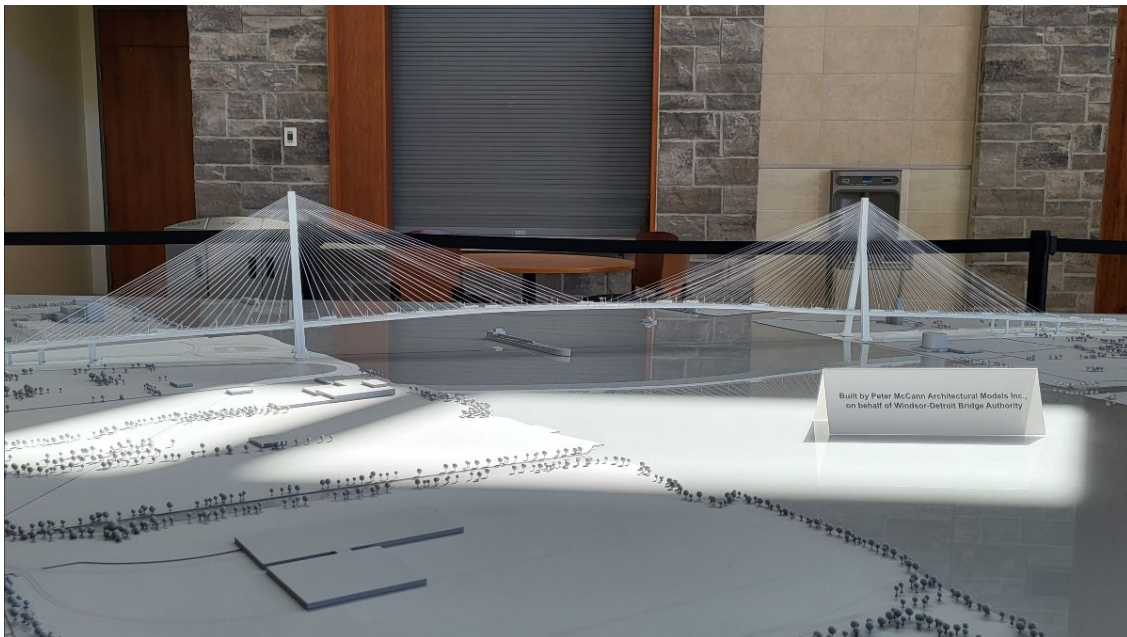

The Gordie Howe International Bridge project team is collecting feedback to help determine what topics to prioritize for inclusion in the Windsor-Detroit Cross-River Tour.

Find out more and take the survey.

### New Location for the Scale Model

The scale model of the Gordie Howe International Bridge project is now on display at the Town Of LaSalle Civic Centre and free to view during normal business hours until April 26, 2023. Stop by and let us know what you think about the intricate details of the model.

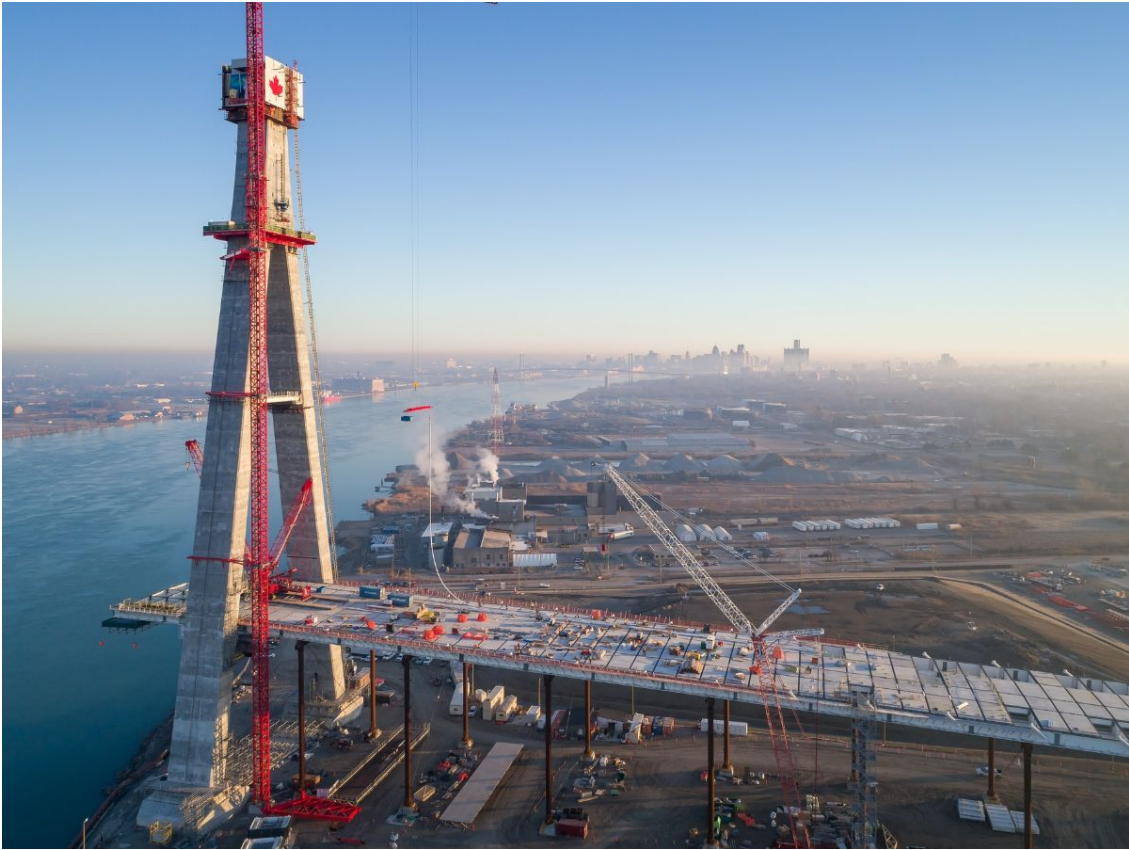

### Environmental Business Journal (EBJ) Business Achievement Award

On March 22, 2023, Windsor-Detroit Bridge Authority (WDBA) attended the Environmental Industry Summit XXI to receive an Environmental Business Journal (EBJ) Business Achievement Award for the Gordie Howe International Bridge project's cross-border Environmental Management System (EMS). Read more [here](#).

### **Start of Stay Cable Installation on the Gordie Howe International Bridge**

The start of stay cable installation has begun at both the US and the Canadian bridge sites. On the US side there have been eight cables strung and on the Canadian side, there are four. Find out more about how a stay cable bridge is engineered in this [spotlight story](#).
