

GORDIE HOWE INTERNATIONAL BRIDGE

Construction Activities: United States

Week of December 2, 2019

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

Construction Activities - What you need to know

MICHIGAN INTERCHANGE I-75

Road bridges at Springwells Street, Livernois Avenue and Clark Street are being demolished, demolitions of the three bridges will take place between approximately 11:00 p.m. on December 6, 2019 and approximately 5:00 a.m. on December 9, 2019.

- Local traffic can continue to exit northbound I-75 at Springwells Street and enter northbound I-75 at Clark Street. Southbound I-75 traffic can exit at Clark Street and enter southbound I-75 at Springwells Street.
- West Fisher Service Drives between Springwells Street and Clark Street, on both sides of the Interstate, will remain open through the December 6 weekend, when bridge demolition begins.
- Regional traffic traveling toward Detroit from Toledo, Ohio on I-75 will be directed to take I-275 north to I-96, then I-96 east in order to reconnect with northbound I-75.
- Traffic traveling to Toledo from Auburn Hills, Michigan on I-75 will be directed to take I-96 west to I-275, then I-275 south in order to reconnect with southbound I-75.
- Traffic exiting the toll plazas at the Ambassador Bridge and traveling to Toledo will be directed to take I-96 west to I-275 south in order to connect with southbound I-75.
