Traffic updates - Continued

US BRIDGE

- The US Bridge team started installation of the 18 tower and the backspan 3m drilled shafts. Work plan development continues for construction tower footings in spring 2020.

US POE

- Crews have begun wick drain installation with approximately 18,000 complete out of 105,000 wick drains and surcharge fill. Utility relocation is complete within Phase I & II.

Phase 2 US POE configuration remains. The perimeter of the site includes:

- Post St eastward to Dragoon St, and from Jefferson Ave northward to the Norfolk Southern Railroad tracks (NSR).
- Livernois Ave between South St to NSR and South St between Livernois Ave and Dragoon Street continues to remain open. Access will be maintained to adjacent properties
