Michigan Interchange I-75 Closures

As construction of the Michigan Interchange begins, Bridging North America will temporarily implement partial closures on the following streets for construction activities:

• All lanes on the southbound Service Drive will close between Green Street and Govin Street, beginning Tuesday, February 11, 2020. The closure will be in place for approximately eight months to accommodate for excavation, freeway widening and ramp/embankment construction. Access to Springwells Street businesses and adjacent residential roadways will be available via Green Street to W. Lafayette Blvd and from Springwells Street southbound.

I-75 Northbound

• Mobile closures on I-75 northbound and southbound from Schaefer Avenue to Michigan Avenue beginning March 6 to August 31, 2020, 7 a.m. to 6 p.m. as needed. Closures will be less than one hour in duration during these time frames for performance of maintenance activities.

• The right lane of I-75 northbound will close between Clark Street and Springwells Street beginning May 11, 2020 and will remain closed until September 12, 2020.

I-75 Northbound Service Drive

• I-75 Service Drive northbound will close between the I-75 northbound Clark Street exit ramp to the I-75 northbound Clark Street on ramp from March 31 to May 8, 2020.

• Northbound I-75 Service Drive will close between Waterman Street to Livernois Avenue from April 17 to August 20, from 5 a.m. to 6 p.m. daily. This will change from a daily closure to a full closure on April 20.

• The left lane and middle lane on I-75 Service Drive northbound will close between Livernois Avenue to Dragoon Street from April 17 to August 20. This will change from a daily closure to a full closure on April 20.

Michigan Interchange I-75 Closures

As construction of the Michigan Interchange begins, Bridging North America will temporarily implement partial closures on the following streets for construction activities:

• I-75 Service Drive northbound will close between McKinstry Street and the I-75 northbound Clark Street on-ramp until June 4, 2020.

• The left lane and middle lane on I-75 Service Drive northbound will close between Livernois Avenue to Dragoon Street from April 17 to August 20. This will change from a daily closure to a full closure on April 20.

• The I-75 Service Drive northbound will close from the Clark Street off-ramp to the on-ramp starting April 20 to May 9, 2020.

Northbound I-75 Service Drive Detour: Northbound I-75 Service Drive motorists will take Waterman Street southbound, turn left on Fort Street eastbound, turn left on Dragoon Street northbound and then continue on northbound I-75 Service Drive

Northbound I-75 Service Drive to Clark Street Detour

• Eastbound motorists heading towards Clark Street will be detoured southbound on Junction Avenue and eastbound on Fort Street to Clark Street.

• Local Traffic, east of Junction Avenue, will be detoured southbound on McKinstry Street and eastbound on Fort Street to Clark Street.

Northbound I-75 Service Drive to Northbound I-75 Detour

Eastbound motorists will be detoured southbound on Junction Avenue, westbound on Fort Street, northbound on Dragoon Street and eastbound on the Northbound Service Drive where they can use the Dragoon on-ramp.

-Local Traffic, east of Junction Avenue, will be detoured southbound on McKinstry Street, westbound on Fort Street, northbound on Dragoon Street and eastbound on the Northbound Service Drive where they can use the Dragoon on-ramp.

Michigan Interchange I-75 Closures

As construction of the Michigan Interchange begins, Bridging North America will temporarily implement partial closures on the following streets for construction activities:

I-75 Southbound

• The right lane of I-75 southbound will close between Clark Street and Springwells Street beginning May 13, 2020 and will remain closed until September 12, 2020.

• The on-ramp to I-75 southbound from Vernor Highway will be closed from May 11 until September 12, 2020.

I-75 Southbound Detour Routes:

• The primary detour for motorists from the I-75 southbound Service Drive will travel south on West Grand Boulevard, west on Fort Street, south on Green Street, northwest on Jefferson Avenue, and north on Dearborn Street to the Dearborn on-ramp to southbound I-75.

• An alternative detour for motorists from the I-75 southbound Service Drive will be to continue west on the I-75 southbound Service Drive to the Clark Street on-ramp to southbound I-75. Please note: this alternative detour will be unavailable for approximately one month during the summer of 2020 while there is a closure on the I-75 southbound service drive near Clark Street (for pile-driving activities).

Clark Street

• Clark Street will close between Fort Street to I-75 Service Drive northbound from March 31 to May 8, 2020.

• I-75 northbound Clark Street on and off-ramps will be closed until June 4, 2020.

• Clark Street will be closed to "through traffic" between Fort Street and the northbound I-75 Service Drive until June 4, 2020.

Clark Street to Northbound I-75 Detour

Motorists will be detoured westbound on Fort Street, northbound on Dragoon Street and eastbound on the Northbound Service Drive where they can use the Dragoon on-ramp.

Construction Activities - United States

Week of May 4, 2020

US Port of Entry (POE)

• Crews are continuing wick drain installation with approximately 34,000 complete out of 105,000 wick drains

• Continue import of surcharge material from I-75 excavation activities

Phase 2 US POE configuration remains. The perimeter of the site includes:

• Post St eastward to Dragoon St, and from Jefferson Ave northward to the Norfolk Southern Railroad tracks (NSR).

• Livernois Ave between South St to NSR and South St between Livernois Ave and Dragoon Street continues to remain open. **Access will be maintained to adjacent properties.**

US Bridge site

• The US Bridge team has completed installation of all drilled shafts

• Preparation for tower crane foundation work to begin in April
