

# Gordie Howe International Bridge

## Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

### Week of July 24, 2017

#### Demolition Activity

Demolition work is currently planned to occur along W. Fort Street (between Cavalry Street and Campbell Street), along Reid Street (between Holly Street and W. Jefferson Street), along Waterman Street (between W. Jefferson Street and South Street) and along Livernois Avenue (between W. Fort Street and Hussar Street). Intermittent lane closures from 9:00 am and 3:00 pm may be placed on west bound W. Fort Street (between Cavalry Street and Campbell Street).

#### Preliminary Site Investigation (PSI)

PSI work is anticipated along W. Fort Street (between Cavalry Street and Junction Street), and along Rademacher Street, Cavalry Street and Waterman Street. This work is not anticipated to impact traffic.

#### Survey Activity Work

Survey work is not anticipated between July 24, 2017 and July 28, 2017.

#### Temporary Road Closures

DTE Gas work is anticipated along Junction Street (between Driggs Street and Fort Street). Junction Street will be closed with a posted detour for approximately two weeks.
