## Construction Activities: United States

Dates and times provided below may change due to weather conditions and other factors affecting construction activities. Although this list is intended to be comprehensive, unavoidable emergency road detours and road closures may occur. Please watch for workers along this corridor. We apologize for any inconvenience and thank you for your patience.

### Week of June 4, 2018

#### Demolition Activity

Building demolition work is planned to occur along Springwells Ct. (between W. Jefferson Ave. and the Detroit River), along W. Fort St. (between Military St. and Cavalry St.), along Campbell St. (between W. Fisher Fwy. and Amherst St.), along Campbell St. (between Amherst St. and W. Jefferson Ave.), along S. Crawford St. (between W. Jefferson Ave. and the RR Tracks), along W. Jefferson Ave. (between Post St. and Cavalry St.), along S. Post St. (between South St. and Jefferson Ave.) and along W. Fort St. (between Dragoon St. and Livernois Ave). Intermittent lane closures are expected along SB 75 Service Drive.

#### Preliminary Site Investigation (PSI)

PSI work is scheduled to occur along W. Jefferson Ave. (between Schroeder St. and S. Post St.) and along Crawford St. (between W. Jefferson Ave. and the railroad tracks). Seeding and mulching may also be ongoing at various parcels throughout the footprint. This work is not anticipated to impact traffic.

#### Survey Activity Work

Survey field work is planned along Westend and Fort Street, Wheelock and SB I-75 Service Dr. and Livernois and the SB I-75 Service Drive. Additionally, contingent intermittent survey work may also be required for various parcels throughout the entire Project area. No lane closures are anticipated.

#### Utility Work

Intermittent lane closures possible within the footprint for manhole work and cable removals. Junction St. is closed (between Fort St. and the NB I-75 Service Dr). Additionally, Fort Street will have a rolling lane closure (between Springwells and Clark St.) Miscellaneous debris will also be picked up throughout the footprint.
