World Snake Day

Sunday, July 16, 2017, will mark #WorldSnakeDay! Did you know, over 3,450 snake species exist throughout the world? A few of these species are neighbours to the #GordieHoweBridge Canadian Port of Entry site where five known snake species, including two species at risk (SAR), have made their home. WDBA takes its environmental responsibilities very seriously and is taking steps to ensure that wildlife, including SAR, are protected while construction is taking place. To date, WDBA has successfully relocated well over 60 snakes from the project site. Read our [Spotlight story](#) on the efforts underway.

To celebrate #WorldSnakeDay we have added new activities to [WDBA's Kid Construction Zone](#) page. Have some fun this weekend learning more about the Butler's Gartersnake and Eastern Foxsnake with our new [Snake Chat](#), [Snake activitie-sssss](#), and Make a Snake DIY [video](#). We'd love to see your family's ssssnake creations. Share your crafts with us by tagging @WDBAbridge on Twitter or Facebook or @windsordetroitbridgeauthority on Instagram.
