

Good afternoon,

There are a few project updates we'd like to share with you this week:

Construction Contract Awards

WDBA and its partners are kicking off the 2017 construction season with Phase Two of the Preparatory Activities at the Canadian Port of Entry (POE). The Canadian POE site requires relocation of overhead lines in the hydro corridor that supports Ontario's power grid. Three contracts have been awarded to support this work including High Voltage Cabling and accessories, transmission and distribution line relocation works totaling approximately \$86 million. Read the [news release](#) issued today covering this work.

Annual Public Meeting Materials

Did you miss WDBA's 2015-2016 Annual Public Meeting held last week? All of the information presented at the meeting is now available on our [website](#), including the live video of the meetings held on both sides of the border. Watch the 2015-2016 Year in Review [video](#) for an update on WDBA operations over this period and read the [Spotlight story](#) covering the event. Summaries of the question and answer sessions will also be posted here shortly.

Earth Day 2017

On April 23, 2017, WDBA participated in the City of Windsor's annual Earth Day celebration at Malden Park. Thank you to those who stopped by our booth for project updates and information on the steps WDBA is taking to ensure the environment and species at risk (SAR) are protected during construction. Congratulations to the winners of our snake craft colouring contest. You can do this craft at home too, check out WDBA's [Kid Construction Zone](#) for project inspired activities.

Opportunities

Interested in joining our team? Stay up-to-date on current opportunities by bookmarking <https://www.wdbridge.com/en/opportunities> and following us on Twitter, Facebook or LinkedIn.

Thank you,
