

Here are a few things we wanted you to know about in case you missed them.

We Hired an Owner's Engineer

On March 5, 2018, WDBA announced that it has selected Parsons Inc. of Markham, Ontario, for the role of Owner's Engineer for the Gordie Howe International Bridge project. In this role, Parsons will support WDBA by reviewing designs, providing technical advice and monitoring and overseeing the construction activities of the private-sector partner through inspections, compliance reviews and audits. Read more about WDBA's [Owner's Engineer](#) and watch our video.

9 Questions

It takes a large and diverse team to deliver the Gordie Howe International Bridge project. WDBA's "9 Questions" series features a variety of members from the organization. Meet Ishan Vyas, WDBA's High Voltage Coordinator and find out what he does [here](#). Don't forget to visit our project [YouTube](#) Channel to meet more of the WDBA team including [Sandra Pillion](#), WDBA's Procurement Officer and our Environmental Coordinator, [Clayton Sereres](#).

International Women's Day

Did you know that 46 per cent of WDBA's workforce is women? Women hold roles in all of WDBA's departments including engineering, property acquisition, finance, human resources, legal, procurement and communications. Read more about the significant contributions of the remarkable women working on the Gordie Howe International Bridge project [here](#).

Construction Activities

For the latest on works taking place on both the Canadian and US sides of the project visit www.wdbridge.com/en/construction-activities. In Canada, activities underway this week include construction of a new sanitary pumping station (west of Sandwich Street near Chappus Street) and earthwork construction on lands south of Prospect Avenue. In the US, current activities include demolition in various locations, preliminary site investigations and tagging of trees for future removal.

Community Engagement

The WDBA team continues to be busy meeting with various community groups and stakeholders telling our story and providing updates on the Gordie Howe International Bridge project. We recently were at the Springdale-Woodmere Block Club in Southwest Detroit, Windsor-Essex Catholic District School Board Construction Academy Open House, Windsor-Essex Chapter of the Professional Engineers of Ontario Bridge Building Competition, Windsor Construction Association Lunch and Learn and the US Coast Guard Sector Detroit.

Find out when we're in your area by following us on social media. Have an event you would like us to participate in? Send details for consideration to us at info@wdbridge.com.

Holiday Office Hours

Please be advised that WDBA offices will be closed Friday, March 30, 2018, and Monday, April 2, 2018. If project-related questions or concerns arise please leave us a message at 519-946-3038 or email us at info@wdbridge.com and we will reconnect with you on April 3.
