### In Case You Missed It

On September 28, 2018, we announced that we had signed a fixed-priced contract with Bridging North America to design, build, finance, operate and maintain the Gordie Howe International Bridge project. The announcement signified that all contractual steps have been completed and construction can begin.

The fixed-priced contract is valued at \$5.7 billion (nominal value), which includes the design-build (DB) phase and the operation, maintenance, rehabilitation (OMR) phase. Bridging North America has presented a 74-month construction schedule to complete the four components of the project with the bridge expected to be in service by the end of 2024.
