Gordie Howe International Bridge project wins an award

We were excited to be recognized by IJGlobal Project Finance and Infrastructure Journal as its 2018 Road Deal of the Year at an awards gala held in New York last week.

The IJGlobal Awards celebrate the best-in-class transactions to have closed over the past calendar year, across the international infrastructure and energy sectors and recognizes the organizations that play central roles in these deals. Valued for their rigorous selection process, and working in partnership with industry experts, the IJGlobal Awards recognize excellence in the delivery of challenging deals.
