

PONT INTERNATIONAL
**GORDIE
HOWE**
INTERNATIONAL BRIDGE

Good afternoon,

Here are a few things we wanted you to know about.

Closure of I-75 tonight

As construction of the Michigan Interchange continues for the Gordie Howe International Bridge project, we require the temporary closure of Interstate-75 in the vicinity of the Clark Avenue Bridge overnight, Friday, September 13, 2019.

To provide a safe work zone for workers installing overhead cables across I-75, traffic will be temporarily halted in both directions at Clark Street Exit 47-A Northbound and Clark Avenue Exit 47-A Southbound, for approximate 15 minutes between 11:00 p.m. and 2:00 a.m. Lanes will re-open once the work has been completed.

For more information visit our [road closures](#) and [Michigan Interchange](#) pages.

Upcoming Public Information Meeting

The Gordie Howe International Bridge project team has plenty of news to share about the upcoming construction activities around the Michigan Interchange and the US Port of Entry.

Join us at a Public Information Meeting to meet project representatives and receive a project update on Michigan Interchange Phase 1 construction, including upcoming closures, detours and demolition of bridges at Springwells Street, Livernois Avenue and Clark Street, a Vibration Monitoring Program for owners of properties identified within potential zones of influence surrounding major construction areas, US Port of Entry barrier wall aesthetic design options and the Community Benefits Program. The meeting is open-house format; presentations are scheduled for 3:30 p.m. and 5:45 p.m.
