

PONT INTERNATIONAL GORDIE HOWE INTERNATIONAL BRIDGE

Good afternoon,

We have a few project updates to share:

Upcoming Vendor Summits

The Gordie Howe International Bridge project team invites local businesses and companies to the first Gordie Howe International Bridge Project Vendor Summit to learn about upcoming contracting opportunities. Meet BNA representatives, learn about project timing, BNA's procurement process and upcoming opportunities. Disadvantaged Business Enterprises (DBEs) are encouraged to attend.

THE PROJECT

The Gordie Howe International Bridge project between Windsor, ON, and Detroit, MI, will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA), working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America, build, finance, operate and maintain the bridge.
