

# PONT INTERNATIONAL GORDIE HOWE INTERNATIONAL BRIDGE

Good afternoon,

We have a few project updates to share:

## Sandwich Street Improvements

In recognition of Sandwich's role as a gateway community to Canada, WDBA is investing in improvements to Sandwich Street as part of the Gordie Howe International Bridge project. Our project partner, Bridging North America is currently undertaking detailed design and construction plans for this aspect of the project. Improvements will include road and intersection enhancements, cycling facilities and streetscaping. Work in this area will also be coordinated with upcoming municipal activities to reduce construction impacts on the community.

[Learn more](#) about the work to be undertaken and stay tuned for upcoming public consultation.

## Upcoming Traffic Disruptions

Temporary closures are currently installed at Clark Street between Fort Street and the northbound I-75 Service Drive; the northbound I-75 Service Drive between McKinstry Street and the Clark Street on-ramp to I-75 Northbound; and the Clark Street on-ramp and off-ramp for I-75 northbound. These closures will remain in-place until Thursday, June 4, 2020.

**THE PROJECT**

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA), working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.
