## ICYMI: Gordie Howe International Bridge Team Announces Funding to Local Community Organizations

On June 10, 2020, the Gordie Howe International Bridge team announced the distribution of \$100,000 (CDN) as part of the project Community Benefits Plan to be shared by nine exciting and versatile projects – six in Windsor and three in Detroit.

The Community Organization Investment, an initiative under the Community Benefits Plan, is a five- year annual investment allowance with \$50,000 allocated to registered non-profit or charitable organizations located in or serving residents in Sandwich/west Windsor and Delray/Southwest Detroit respectively. The funds support events, programming and infrastructure improvements that will benefit the communities and align with one of the community investment priorities, including community partnerships, community safety and connections, economic benefits, and/or aesthetics and landscaping.
