Good afternoon,

Here are a few things we wanted you to know about.

**Traffic Disruptions in Southwest Detroit**

As construction of the Michigan Interchange continues, Bridging North America will temporarily implement closures of the southbound I-75 Clark Street on-ramp and exit, the intersection of Clark Street and the southbound I-75 Service Drive for construction activities.

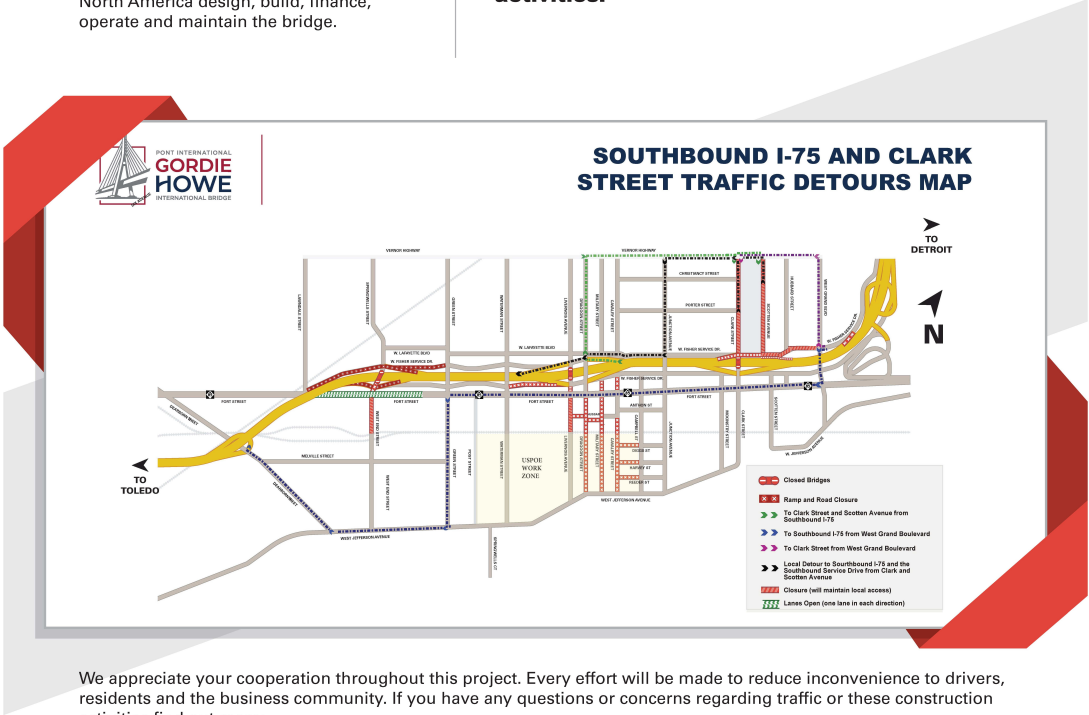

**THE PROJECT**

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.
