

# BAT JACK O'LANTERN STENCIL

## STEPS:

1. Download and print this page then cut out the bat image.
2. Cut a hole large enough at the top of your pumpkin and use a spoon to scoop out the seeds and fibres inside.
3. Tape your bat cutout to the side of your pumpkin and trace around with a pen or marker.
4. Remove the bat image and carefully carve along the lines. You may want to ask an adult for help.
5. Place a lit candle, LED light or glow stick inside your pumpkin and enjoy your spooky creation.
