

GORDIE HOWE INTERNATIONAL BRIDGE

**I-75
NORTHBOUND AND
SOUTHBOUND
CLOSURES**

THE PROJECT

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.

As construction of the Michigan Interchange continues, Bridging North America will temporarily close lanes on north and southbound I-75. This closure is required to support construction work for the Springwells Street, Livernois Avenue and Clark Street bridges.

Northbound I-75
