

GORDIE HOWE INTERNATIONAL BRIDGE

**EXTENDED TO
NOVEMBER 8, 2021**

**I-75 AND I-75 SERVICE
DRIVE CLOSURE**

THE PROJECT

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.

As construction of the Michigan Interchange continues, Bridging North America will extend the temporary partial closures on I-75 Service Drives, and the full closures for the Springwells Street, Livernois Avenue, and Clark Street bridges.

These closures will be in place until November 8, 2021.

- The Springwells Street on-ramp will remain closed at northbound I-75.
- The Springwells Street exit-ramp will remain closed at southbound I-75.
- Southbound I-75 Service Drive will remain closed between Wheelock Street and Springwells Street.
- Northbound I-75 Service Drive will remain closed between Wheelock Street and Springwells Street.
- Southbound Livernois Avenue will remain closed between Lafayette Boulevard and southbound I-75 Service Drive.
- Springwells Street, Livernois Avenue, and Clark Street Bridges will remain closed until further notice.

Access to businesses will be maintained at all times and detour routes have been established to assist the traveling public. For more information about active road closures, we encourage you to visit the project website at www.gordiehoweinternationalbridge.com.

I-75 AND I-75 SERVICE DRIVE CLOSURES

We appreciate your cooperation throughout this project. Every effort will be made to reduce inconvenience to drivers, residents and the business community. If you have any questions or concerns regarding traffic or these construction activities find out more:
