

## GORDIE HOWE INTERNATIONAL BRIDGE

# CAMPBELL STREET LONG-TERM CLOSURE

### THE PROJECT

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) working in collaboration with the State of Michigan, the project is being delivered through a public private partnership (P3) which will see Bridging North America design, build, finance, operate and maintain the bridge.

As construction of the Michigan Interchange continues, Bridging North America will temporarily close Campbell Street for reconstruction of the pavement and water mains. Access to businesses and residences will be maintained at all times.

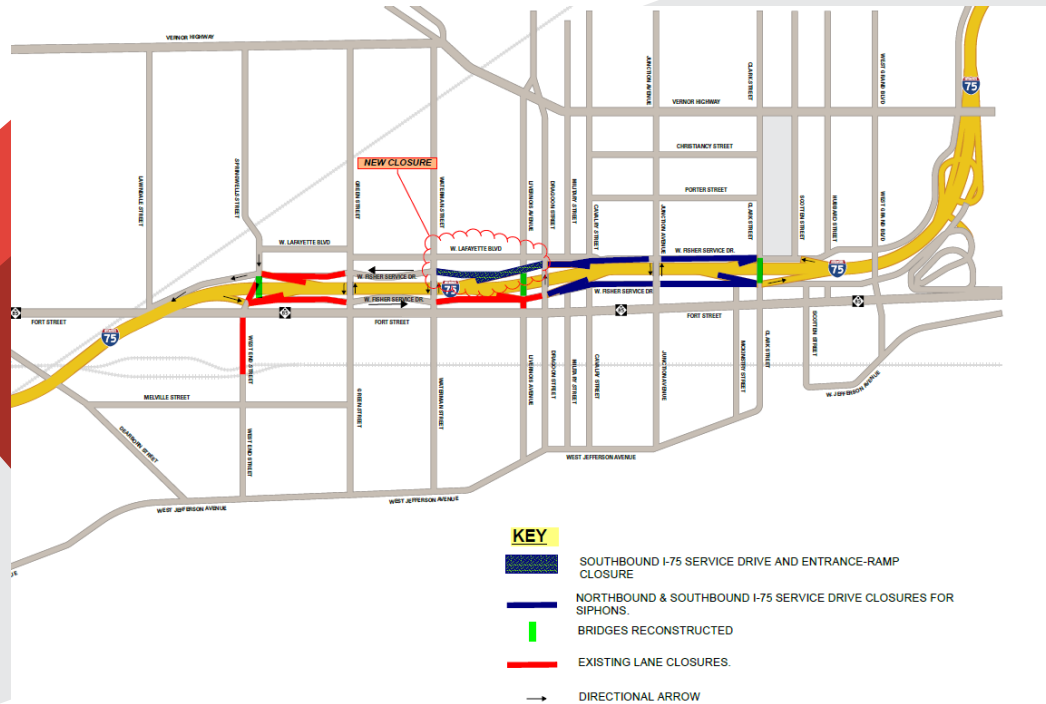

The closure will be in place starting January 24 – May 9, 2022.

- Campbell Street will close over a long-term period between W. Jefferson Avenue and Fort Street.
- The right lane of eastbound Fort Street will close between Cavalry Street and Junction Street from 7 a.m. to 6 p.m. daily as needed.
- The parking lane of westbound W. Jefferson Avenue will close between Cavalry Street and Junction Street from 7 a.m. to 6 p.m. daily as needed.
- **Detour routes are in place and include the following:**

The Campbell Street detour will utilize Junction Street as the main connecting route between Campbell and local Streets (Reeder, Harvey, Driggs, Lauderdale, and Anthon Streets) as well as Fort Street and Jefferson Avenue; to the north and south of Junction Street, respectively.

For more information about active road closures, we encourage you to visit the project website at [www.gordiehoweinternationalbridge.com](http://www.gordiehoweinternationalbridge.com).

### Campbell Street Long-Term Closures

We appreciate your cooperation throughout this project. Every effort will be made to reduce inconvenience to drivers, residents and the business community. If you have any questions or concerns regarding traffic or these construction activities find out more:
